

UN World Conference on Disaster Risk Reduction 2015 : Public Forum (ID-188)

Resilient Communities

-Our Home, Our Communities, Our Recovery-

2015. **3.16** (Mon)
9:15 ~ 11:45

Program (with simultaneous translation in English and Japanese)

Objectives

The panel aims to shed light on the voices of communities and lessons of recovering from the major disasters and building community resilience through the 'Peoples Process,' where people and communities are placed in the center of decisions and actions. The enabling roles of local governments and mayors will also be highlighted.
